ABOUT THE CLIENT

Atlantic County is a county located in the U.S. state of New Jersey. As of the 2010 United States Census, the county had a population of 274,549. As of the 2017 Census Bureau estimate, the county's population was 269,918, making it the 15th-largest of the state's 21 counties. Its county seat is the Mays Landing section of Hamilton Township.

PROJECT SUMMARY

Concord Engineering provided mechanical, electrical, plumbing and fire protection engineering services for a building wide rehab replacement of primary HVAC, systems with new boilers, chillers and controls. The historic courthouse MEP infrastructure was at the end of its useful life before this project began. Concord served as the Engineer of Record for a complete central MEP system replacement/upgrade. Concord also served as the owner's representative and construction manager during the construction.
