Engineer of Record

ABOUT THE CLIENT

The Camden County Boathouse is nestled in the 346-acre Cooper River Park that spans Pennsauken, Cherry Hill, Collingswood, and Haddon Township. The 23,000 sq. ft., 4-story Boathouse opened its doors in July 2006. It features complete facilities for receptions as well as corporate meetings and training with details and amenities such as: the Banquet Room, the Masters Room and the Board Room.

PROJECT SUMMARY

Concord Engineering was the Engineer of Record for the mechanical, electrical, plumbing and fire protection systems for the Boathouse which featured a state-of-the art geothermal heating and cooling system. Additionally, the building utilized high efficiency lighting and lighting controls in order to accommodate the banquet and meeting facilities requirements.
