PROJECT LOCATION

Atlantic City, NJ

MARKET

Hospitality

SERVICES

MEP/FP Engineering

ABOUT THE CLIENT

Previously known as the Ocean One Mall, The Pier Shops at Caesars was transformed to become Atlantic City's largest retail venue. This four-story pier contains over 100 retail and restaurant tenants.

PROJECT SUMMARY

Concord Engineering was the engineer of record providing mechanical, electrical, plumbing and fire protection engineering and design.

PROJECT HIGHLIGHTS

- Concord Engineering performed MEP engineering for most of the tenants including One Atlantic, a 14,000 square foot event venue and banquet hall on the fourth floor.
- In June 2015, the Pier Shops were renamed Playground Pier. Concord was also the Engineer of Record for the recently built "T Street" entertainment corridor in the Pier. The project cost \$12 million and was completed in 12 weeks. Concord was an integral part in the design, permitting and construction process.
