ABOUT THE CLIENT

The Tropicana Casino & Resort Atlantic City is a luxury hotel, casino, and spa resort. It is owned by Tropicana Entertainment and is one of the largest hotels in NJ with just over 2,000 rooms. Tropicana has over 3,000 slot machines and 135 table games and also features The Quarter, a shopping mall located in the complex. The Quarter at the Tropicana is an enclosed shopping mall that contains over 40 stores, nine restaurants, eleven nightclubs and a spa.

PROJECT SUMMARY

Tropicana Casino & Resort is one of the largest Atlantic City casinos with over 150,000 square feet of gaming space. The gaming attractions include over 3,000 slot machines, simulcast room, 135 table games and private gaming areas for high rollers.

Over the years, Concord Engineering has provided MEP/FP engineering for multiple projects including design for gaming, multiple theaters, 15 restaurants, 13 nightclub/bars, spa, fitness center, over 3,500 parking spaces, gift shops and over 2,100 hotel rooms inside of its 4 towers.

In 2003, Tropicana spent over \$150 million renovating and expanding a portion of its facility creating the very popular Old Havana themed Quarter. The Quarter brought over 35 new venues into the casino including retail stores, bars, restaurants, nightclubs and theaters.
